

REMARKS

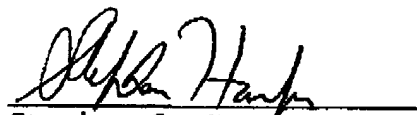

Claims 18 and 38 have been amended to use proper Markush group terminology. These claims have also been amended to refer to plant extracts and honey extracts (support for these amendments is found at page 6, lines 14 and 16, of the specification).

Claims 30 and 31 have been amended for clarification and to be consistent with the terminology used in original claim 10.

Claim 35 has been amended to correct a clerical error.

Applicants respectfully submit that the amendments to the claims are fully supported in the specification and claims as originally filed and no new matter has been entered by way of amendment to the claims. Applicants further submit that the amendments to the claims do not raise any new issues and should not require any further substantial amount of additional work on the part of the Office.

Respectfully submitted,
